TAPING

The QPWK-S plastic strap dispenser is very robust due to the extra large wheels and solid galvanized construction. The dispenser contains all the characteristics of a good dispenser including an extra large storage compartment. In addition, the car contains a handy brake, so that the strap does not continue to roll. The strapping band is very easy to replace.

Advantages

- Strapping band and tools always at hand
- Large, robust and stable
- Suitable for steel and plastic strapping
- Core diameter 406 mm, strap width 9-19 mm
- Ergonomic, can be moved with one hand
- Strap brake system
- Large storage compartment
- Galvanized
- Extra-large wheels, suitable for any terrain
